Re: Kensington Development

Dear Mr. Henderson:

I want to express my support for the plaza plan that is being considered by the Planning Board for the parking lot site on Kensington Road. I live directly across the street from the site and I believe that the plaza could be a real amenity for the neighborhood and the village. I envision the space as a sophisticated European piazza that could add real charm to the development.

I also want to commend the developers for their efforts to reach out to the neighbors and for listening to us and responding to our opinions. I expressed support for the plaza concept in a prior neighborhood meeting convened by the developer and I wanted to make my view known to you as well.

I am unable to attend the meeting on September 28th but I hope that you will consider my views as you deliberate on this matter. Thank you for your consideration.

Sincerely,
