

This year Bronxville is proud to announce Jessica Watts will be joining the staff as Director of Racquets. Jessica has over 10 years of teaching experience and previously served as Tennis Operations Supervisor in Park City, Utah. Jessica will provide lessons and clinics as well as organize events and Saturday morning Round Robins ([please click here to see the schedule](#)).

Permit application forms will be available beginning April 5th when the hard courts will be ready for play. The clay courts will be available on or about April 18th. Quick Start Tennis will begin on April 18th and we are accepting completed application forms now ([click here](#)). Quick Start programs fill up fast so we've created this opportunity to pre-enroll.

This year we are also offering an annual permit which includes Bronxville Paddle Tennis as well. This will also become available on April 5th and begins with our enhanced spring/summer paddle program.
