Larry Vranka, DRC
Stephen Hawkey, DRC

James Ryan, JMC
James Caris, JMC
Doug Cedrone, Beer Noggin
Thomas Cedrone, Beer Noggin
Michael Santoliquido, San Signs and Awnings, Contractor for “The Tavern”

1. Sign permit Application- 102 Kraft Avenue, Beer Noggin

Applicant submitted photos of new proposed signage to be applied to the existing building. The applicant also presented photos of the interiors. Existing signage and dimensions as indicated in the written application are compliant. The acrylic (non-compliant) letters to be used for the signage were presented.

DRC recommends approval of the signage with 8” high lettering as appears in submitted photo. However, the DRC recommends that the overall positioning of the signage be moved 12” to the right to center the signage between the edge of the door and edge of window on far right. We also recommended (but do not require) that the applicant consider using a copper or bronze color finish for the lettering as opposed to the black color submitted. This would be more in keeping with the style of the interior and would blend better with the existing architectural elements.
