

Quarterly Training Report April 1 – July 1, 2021

Memo: Quarterly Training Report

To: Chief Christopher Satriale

From: Sgt Nicholas DeYoung

Training Highlights

De-escalation, communication skills and Less Lethal Weapons were the focus of training during the second quarter of the year. All Officers completed a multi-day De-escalation and Less Lethal Weapons qualification training course in conjunction with Tuckahoe PD. Those skills were tested in force-on-force scenario based training. Less Lethal Weapons covered, and now fielded by the Patrol Officers while on patrol, include OC Spray and the PepperBall Less Lethal launcher.

PoliceOne Academy Online Training

Officers completed approximately 4 hours of online training through PoliceOne Academy from April through June. Topics included Communication Skills 1, Dispatch Communications 1 and Responding to People with Mental Illness.

Departmental Training

Department Range Qualifications: Firearms training was held in June on Department issued Glock duty weapons, off duty firearms and Department Patrol Rifles. Training included safe handling of, and proficiency in, handguns and patrol rifles. Officers completed 8 hours of training on Department issued Glock handguns and patrol rifles. Officers also qualified on the PepperBall Less Lethal Launcher system.

Specialized Training

De-Escalation Training:

Spring In-service training was comprised of 8 hours of classroom instruction focused on De-escalation tactics and techniques, OC Spray, PepperBall Less Lethal Launcher and CPR/AED/Naloxon refresher. This training was followed by an additional 8 hours of force-on-force scenario based training. This scenario based training allowed our Officers to be put through situations where they were able to employ de-escalation tactics, as well as, reinforcing other tactics and techniques to increase Officer safety.

Emergency Response Unit Tactical Training: Sgt DeYoung attended 15 hours of tactical training as part of his obligation to the Emergency Response Unit. Training included Less Lethal Weapons qualification and Inter-Municipal training with Metro North PD ESU. Training with Metro North PD covered tactical response to situations on trains (Tubular Assaults).

Taser Instructor Course:

Sgt. DeYoung, PO Lewis and PO Cooper renewed their certification as Taser ECD Instructors. These Officers are certified by Taser to instruct new and recertify users in the Taser ECD X26P and Taser 7 models.

FBI LEEDA Executive Training Conference:

In April, Sgt. DeYoung and Lt. Bunyan attended the FBI Law Enforcement Executive Development Association's annual training conference in Fort Lauderdale, FL. The education-based conference featured training on critical topics and issues facing modern policing. Training included courses on Procedural Justice, Serving in the 21st Century, Contemporary Issues in Law Enforcement, Police Wellness Programs, Hiring and Retention, Motivating and Empowering Leaders.

FBI-LEEDA

Total Training Hours by Officer

Each Officer completed an average of 28 hours of training for the months April through June 2021.

Training staff completed an additional 48 hours of training for the months April through June 2021.

Quarter 3 Training Projections

The Quarter 3 training cycle will focus on Juvenile and School Resource Officer training. Several Officers are scheduled to attend the State of New York Juvenile Officer's Association annual conference. Training will include Basic Juvenile Officer training, Advanced School Resource Officer training and Community Resource Officer training. Domestic Violence incidents and awareness will also be a focus of future training. And with school starting in the fall, we will focus on Active Shooter training. A joint department Active Shooter training event is currently being planned with the surrounding jurisdictions of Tuckahoe PD and Eastchester PD.
